Digitization: Swiss Charter

On 19 June 2018, the Swiss minister for economical affairs, Johann Schneider-Ammann and several companies and organizations signed the Charter for the Digitization of the Swiss Agricultural and Food Industry. <https://agridigital.ch/>

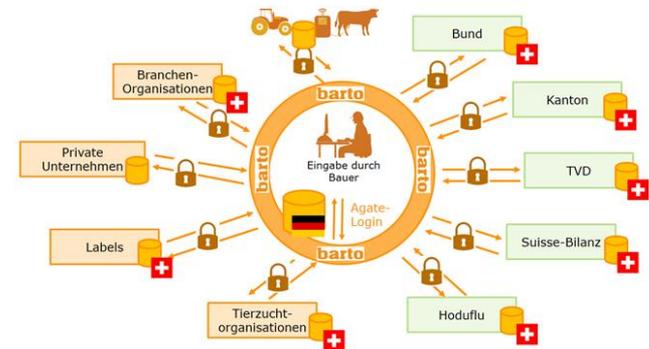

Digitization: Swiss Smart Farming

A large consortium of private companies, governmental agencies and different farmers organisations decided to develop and operate the leading Swiss Smart Farming platform “Barto” for a successful Swiss agriculture and food industry.
