

Report AUSTRIA

Mag. Hansjörg Stöckl

President Arge Landtechnik

economic development

- increase of registrations of tractors of about 40 % compared to same period 2020
- workshops well utilized
- shortage of skilled workers
- education and advanced trainings are main issues for next years

corona crisis

- our branch gets through this crisis quite good
- several advancements from government
 - investment bonus of 7 % for tractors and agricultural machines (order until May 31st 2021),
 - short-time work
 - substitute for required closing time

long delivery times / price increase

- delivery delay from 3 - 15 month
- price increase of steel etc.
- problem with semiconductor till 2023

weather

- first half of the year very dry
- second half a lot of rain including flooding

fairs & events

- Landwirtschaftsmesse Ried September 9th to 12th 2021
 - approx. 500 exhibitors
 - many visitors but few business deals

Tag der Landtechnik

- planned for November 2022
