

# CLIMMAR and EuroSkills Presentation Rotterdam 2013

# History (workshop on training)

- 2002 : first exchanges of students in Europe through Climmar
- 2006 : workshop in Vienna, comparison of the training systems in Europe
- 2007 : Decision to organize Climmar Skills
- 2008 : 1st Climmar Skills in Switzerland
- 2008 : workshop training in Den Bosch
- 2010 : 2<sup>nd</sup> Climmar Skills in Holland

# Workshop in April 2011 (Riga)

- Decision to join EuroSkills
- Decision to replace Climmar Skills by EuroSkills
- We keep the Climmar Skills rules
- We name the experts
- We are involved in a great European organization

# The last Euroskills competition

- The last competition took place
- at Spa-Francorchamps in Belgium
- from the 4<sup>th</sup> to the 6<sup>th</sup> of October 2012.
- Our Belgian colleagues, and notably Joost Merckx, had given major support for the organisation.

# CLIMMAR and Euroskills

- CLIMMAR participates in the Euroskills assemblies and has its say there. This participation started for the Spa competitions in 2012 and we suggest pursuing the collaboration until at least the 2014 competitions. The next Euroskills competitions will be held in France at Lille from the 2<sup>nd</sup> to the 4<sup>th</sup> of October 2014.

# Worldskills International

- CLIMMAR is not a partner of the Worldskills International but our presence at Leipzig shows the interest that we take in this event.
- For the moment our trade is not represented at the Worldskills but maybe it will be at Sao Paulo in 2015. If it happens, every country will be free to send a student to this competition.

# What is the interest in Worldskills ?

- Expected added value : visibility is bigger on media
- Another dimension
- Olympic feeling for candidates and experts
- Promotion of the trade at a larger scale
- A process in each country which can be a good platform for our trades.
- The following film will be a good explanation
