

# Report of the Working group on Education and Training

Presentation of the CLIMMAR activities on Skills  
competitions and a short preview of the Euroskills in

Göteborg, Sweden

## Aim of the working group

*Goal: To increase quantity & quality of inflow young people and develop staff to the required qualification levels*

*Result: Development of participation in Euroskills to 75% in 2018, initiation of education improvement plan in participating countries*

# The working group on Education and Training

The first purpose of the working group is to promote :

- our jobs
- the training schools for mechanics
- **Euroskills competitions achieve this purpose, as a continuous process in the different participating countries.**

## One of the best promotion action is The skills competition

**After the experience of the Climmar skills (2 editions), we decided to join the organisation Worldskills Europe, and to be a partner member of the Euroskills organisation.**

**This participation started for the **Spa** competitions in 2012.**

**The work done in each country for the promotion and the success in **Lille** convinced us to pursue the collaboration until at least the 2016 competitions.**

**The next Euroskills competitions will be held in **Sweden** in Gothenburg from November 30<sup>th</sup> to December 3<sup>rd</sup>, 2016.**

## Main results of the survey presented in Stockholm in 2015 concerning the participation in Euroskills

- For the 7 participating countries (Austria, Denmark, France, Germany, Latvia, Switzerland, The Netherlands) different organisations for the national contest in terms of communication, participation, partnership, budget. The success depends on the relations between the Worldskills partner of the country and the profession.
- Example of France : a contest in each of the 13 (new) regions and a national contest at the end.

## Main results of the survey presented in Stockholm in 2015 concerning the participation in Euroskills

- **For the 8 not participating countries (Belgium, Czech Republic, Hungary, Italy, Luxemburg, Slovakia, Sweden, UK), the reasons preventing from participating are : financial, no interest from schools, suppliers or dealers, no capacity (personnel)**
- **The proposed actions will be the followings : to find sponsors, to increase the coordination between the different partners, to use the communication of Worldskills itself**

## The next step : Euroskills 2016

- The next event will be held in Gothenburg, Sweden from 30 November to 4 December 2016
- Increase of the participation for our skill : 8 countries instead of 7, with the arrival of Russia. All the countries present in 2014 will be there in 2016  
**Austria, Denmark, France, Germany, Latvia, Russia, Switzerland, The Netherlands**
- Same expert and chief expert : Paul Dijkstra (NL), Paul Sidler (CH) named by Climmar

## The next step : Euroskills 2016

- **5 topics based on machines : engine, electronics, hydraulics, transmission, repairing**
- **The workshop manager and technical observer are also Climmar members : Brain Sangster (UK), Maurice Gerkeens (NL)**
- **Good preparation of the topics with the Forum of experts of the 8 participating countries**

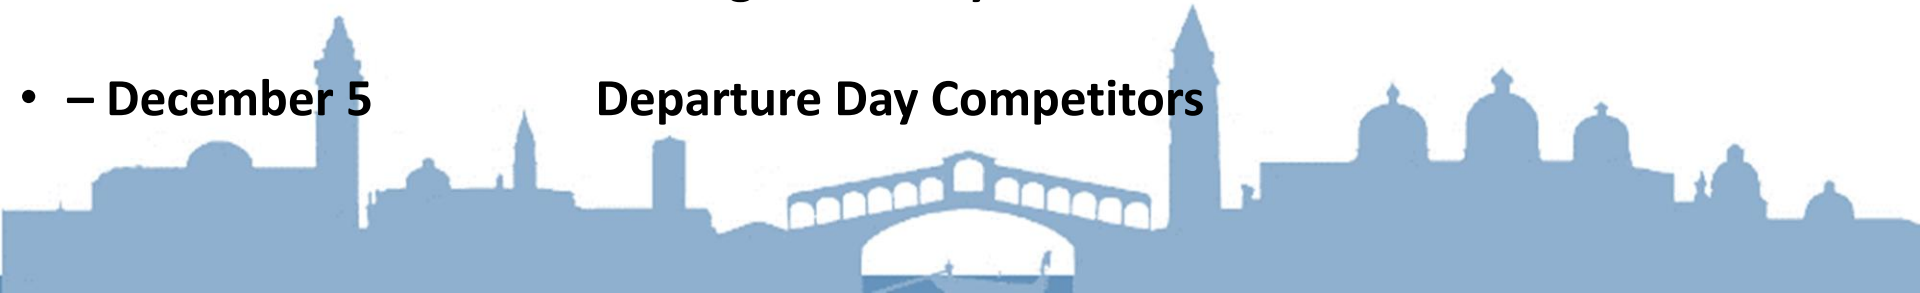

## Days and dates

# ALL UNDER ONE ROOF

## OUR OVERALL AIM AND LEGACY

*"EuroSkills 2016 will be a springboard towards higher quality, stronger attractiveness and better status"*

- Increase knowledge and communicate the possibilities vocational education offers for a **future career**
- Improve status and **attraction for vocational training**
- Competence enhancement and inspiration for school personnel and career coaches
- Role model for sustainable vocational competitions
- Development of EuroSkills and overlap to Budapest 2018 and Graz 2020

# MAIN STRATEGIES

- Use the “**all under one roof**”-concept to create the absolute best conditions. A visitor friendly event and experience.
- Highest **quality** possible in competitions in partnership with leading sponsors.
- Visual materials to raise **curiosity** among visitors
- Involve school staff and students before and during the event in **try-a-skill** activities in each sector. Create an event for young people by young people
- Offer good opportunities for **stakeholders** to exchange experiences and make contacts

# A great way to promote our jobs Candidates, experts and technicians in Lille 2014

# Why not join this big event ?

First in Gothenburg

In your country for the organisation of competitions

## Climmar can help you
